

Kenwood Allergy & Asthma Center, P.C. Unemancipated Minor Policy

This is a form that Kenwood uses as an authorization to treat minor children in the absence of the parent or legal guardian.

Authorization for Medical Treatment of Your Children

Are you planning a trip? Away for the day? Are your children in school?

If your child needs emergency or non-emergency medical, dental, surgical care or hospital services, you, as a parent or legal guardian, must give permission.

What about times when you cannot be reached for permission?

In an emergency, your child may be treated without your consent if a physician determines that your child needs immediate medical care and further delay increases the risk to your child's life or health. In situations that are not emergencies, your child may need unexpected care. In these cases, contacting parents for permission can delay treatment and create unnecessary anxiety and discomfort for your child.

How can you prepare for the unexpected care your children might need when you are away?

- Make sure the person who is caring for your child knows how to reach you at all times.
- When you know you will be hard to reach, use the form below to give permission to other adults to authorize medical care for your child. They can then act for you and give permission for your child to be treated if unexpected care is needed.
- Fill out this form carefully. With it, you may appoint relatives, friends, teachers, neighbors or anyone you know **over 18 years of age** to authorize treatment in your absence. For further protection, have the form signed by an adult other than the person you have appointed to authorize medical care for your child.
- After you complete the form, give it to the adults you have designated and explain its use. Make sure they know that they should take the form with them to the physician's or dentist's office, or to the hospital.

Name of Minor	Birth date	Allergies or Special Conditions	Health Insurance Plan/ Pol. #
